EXPERIENCE

UMPTEN INNOVATION

Bhopal | MAR 2022 - Present

PROFILE

As a MERN stack developer, I have extensive experience building web applications using MongoDB, Express.js, React.js, and Node.js. I am creating scalable and responsive front-end interfaces, and developing secure and reliable back-end systems. I possess strong skills in JavaScript, HTML, and CSS, as well as proficiency in front-end frameworks such as Bootstrap. Currently, I am working as a Frontend developer at Umpteen Innovation.

SKILLS

HTML, CSS, Java Script, Bootstrap, Next.js, Node.js, Express, Ejs, MongoDB, Github, Git
